**Borough Engineering Services**

As Council is aware, the Borough has been searching for Sludge disposal alternatives for approximately the last five years. During the course of this search the Borough held discussions with Rettew Engineering. **Fire Committee Meeting**

The Fire Committee held a meeting on January 31<sup>st</sup>. This meeting included the Fire Chiefs, Police Chief, EMA, Borough Manager and Mayor. One of the main topics of this meeting was a lack of department funding for equipment replacement. The current ladder truck is 25 years and cost \$650,000 then. The same truck today is \$1.3 million. To assist the fire companies, one option that was discussed was to earmark a portion of the Borough's American Rescue Plan Funding for funding of a truck. This was before Council for discussion. The funding comes in two installments to the Borough. The Borough has already earmarked \$48,300 to recoup losses at the Community Swimming pool.

Council asked the Borough Manager to reach out to the Hookies and inquire about their time frame for ordering a truck and report back to Council at the March meeting.

**Ice Skating At Reservoir Pond/Hockey Rink**

With the cold temperatures we experienced in January, the pond at Reservoir Park was open for ice skating. The ice was drilled, and the snow was cleaned from the surface. The rink is now closed due to warmer temperatures as well as people attempting ice fishing and drilling on the pond.

Council members Poust and Snyder suggested replacing the gate and fencing. Councilmember Patterson inquired about the use of the former Lincoln school site. **WATER DEPARTMENT:** Council was in receipt of Mr. Ashcroft's monthly report.

**HIGHWAY DEPARTMENT:** Council was in receipt of Mr. Bywater's report. Mr. Bywater has asked if Council would approve these streets at Snow Emergency routes. Council wishes to re-visit the Borough's snow ordinance for the next winter season.

Mr. Bywater also advised that somebody had been drilling on the ice at Reservoir Pond for ice fishing. It was noted that this activity is not permitted.

**MISCELLANEOUS**

- The Tyrone Historical Museum will be open for Irish Heritage weekend and for all Food Truck weekends.
- Council Member Sarah Hunter would like Council to consider offering a grant program for new downtown businesses. Funds would be given to the Chamber from the Borough's Community Enrichment Fund and would offer a \$2,000 grant to those who would apply and meet the parameters. These grant requests would go before a Board appointed by the Chamber to oversee such a program; those appointed would serve as underwriters for these grants. Mrs. Hunter suggested leaving the Chamber handle the grant requests hoping that it would strengthen and grow Chamber members. Mrs. Hunter also stated applicants would need to be Chamber members in hopes to boost Chamber membership. Council member Snyder also likes the idea of the Chamber running such a program because they more intimately know business and the people and likes the idea of giving them the means to be able to help businesses; however, Mr. Snyder suggests the grant amount be \$5,000. Council member Hunter advised State College has a similar program; she will reach out to them to see how their program is run. Mayor would like to hear what State College has to say. Borough Manager Latchford advised the Borough currently uses ABCD Corporation to run other Borough funded programs. ABCD has experience checking the viability, credit scores, worthiness of credit. The Borough also must be cautious of business owners approving grant funds that they or their business may personally benefit from. Using a third party also makes the approvals cleaner from an auditing perspective.
