Several council members gave him other areas around town where he could fish.

Mrs. Beyers was present at the meeting to request the Borough's assistance with a neighbor who is and has been cutting wood on what they feel is the Borough's property (Highland Avenue) and selling it. discussion, Solicitor Stants advised that this would be considered a “paper street” and if the Borough never opened the street in question, it is not our property hence not a Borough issue. Solicitor Stants advised Mrs. Beyers to seek the advice of an attorney.

**Hope Snyder, 601 S. Lincoln Avenue**

Mrs. Snyder was also present to discuss the same issues with this neighboring property. Mrs. Snyder had an alley vacation done to install a fence to avoid these issues. Mr. Martin is requesting to have a portion of Lincoln Avenue abandoned and turned over to them, citing safety issues for his employees. Council was reminded that Mr. Martin had made a prior request for stop signs in this area. The Borough performed a traffic study at that time and the study did not meet the requirements/conditions for additional stop signs. Council was not in favor of abandoning this portion of Lincoln Avenue, stating the Neptune Fire Company exits onto Lincoln Avenue and having that portion closed off could cause minutes of delay when they are called to an incident. Borough Manager Ardean Latchford will meet with Mr. Martin to discuss other viable options.

**Clarification on Business Owner Parking**

At last month's meeting, Council agreed to allow downtown business owners to purchase a parking pass to be used at any metered spot, anytime. The fee to be determined by Ordinance. Currently, residents who rent parking spaces pay \$20/month (billed quarterly) for a specific spot. After some additional discussion by Council, it was determined that (1) one placard per business may be purchased per year; (2) persons with placards may park at any unrented space for as long as they want; (3) the fee is to be \$40/month, billed quarterly.
