

THINGS TO KNOW ABOUT YOUR SEWER SYSTEM

Things to Know About Your Sewer System:

- The homeowner is responsible for his/her sewer lateral from the house to the sewer main
- All sewer related work done outside the house must be inspected and installed according to the Borough's specifications
- If you have sewer gas odors, please check the trap within your sewer lateral. If you do not have a trap, one should be installed
- No manhole lids are permitted to be opened without the permission of the Sewer Department

Things Prohibited from Discharge to the Public Sewer System:

- Storm Water
- French Drains
- Outside Downspouts
- Sump Pumps
- Oil & Grease
- Fuel Oil
- Any Automotive Fluids
- Prescription Drugs
- Diapers
- Women's Sanitary Products, Prophylactics
- Cat Litter
