

What to do when the power goes out

- Report to Penelec that your power is out –
Emergency Number 1-800-545-7738
- Make sure you have batteries in your flashlights and it is always a good idea to have extra batteries
- Be sure to use candles safely – NEVER go to sleep with candles burning – **Battery operated candles are now available**
- If you have a grill you can fill your propane tank – you can heat water and cook with your grill – only use outdoors
- Don't peek – keep your freezer or refrigerator closed - only open when needed
- Get a supply of bottled water
- Charge your cell phone and be sure you have shared your cell phone number with friends and relatives
- Have a list of emergency numbers handy – friends, family, utilities
- Battery powered radio
- Keep a supply of non-perishable food on hand
- NEVER use a natural gas or propane range to heat your house
- Have extra batteries available
